

DD/S 67-5551

18 OCT 1967

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Natural Areas, Clearing and Grubbing,  
Headquarters Compound

1. This memorandum contains a recommendation for your approval; such recommendation is contained in paragraph 2.

2. The Office of Security, DD/S, has requested that the underbrush on the Agency Headquarters compound, both inside and outside the security fence, be removed. During the summer this year, the Youth Opportunity Campaign cleared a strip on the outside of the fence at a cost of approximately \$20,000. Five wooded areas remain inside the security fence, totaling approximately  $8\frac{1}{2}$  acres.

3. The cost of the proposed work, based on a bid given by an outside contractor and the experience acquired from the area cleared this summer, has been estimated at \$15,000.

4. The Office of Logistics has not earmarked any funds in Fiscal Year 1968 for this purpose. If money is to be made available, it will have to come from other sources.

5. We recommend, therefore, that for reasons contained in paragraph 2 above:

a. Funds in the amount of \$15,000 be made available to the Office of Logistics for the purpose noted above and

b. Logistics be authorized to proceed with the work as outlined.

Signed: George E. Maloon

George E. Maloon  
Director of Logistics

CONCURRENCE:

Howard J. Osborn  
Director of Security

24 OCT 1967  
Date

\*It might be feasible now to defer this till Spring and handle out of year end funds since the leaves will soon be off the trees and remain off for the next six months.

STAT

Mr. ~~Bannerman~~ via Mr. Warfield  
-Mr.

I have discussed with Mr. Osborn his footnote to the attached memorandum of 18 October 1967, and he has assured me that no security hazard exists at present.

On that basis I am suggesting in the attached transmittal memorandum that the Director of Logistics postpone the proposed work until spring.

Recommend you sign the attached transmittal memorandum for the purpose of returning the funds request to the Office of Logistics.
